Trail of the Red Island 2025 – Adventure, Sharing, and Solidarity

- From May 18th to 31st, 2025, the 8th edition of the Trail of the Red Island will take place in western Madagascar. Organized by GLOBATLAS OCEAN INDIEN and MAHAY EXPEDITION, this unique event offers a multi-stage trail through diverse and challenging landscapes: sands, rivers, rice fields, mud, and intense heat.
- With 6 stages and 1 prologue, this adventure is open to both runners and walkers, providing full immersion in nature and the opportunity to discover iconic tourist sites in Madagascar.
- In the spirit of an eco-trail, the goal is to fully enjoy the race while respecting the environment and raising awareness among Partner companies about the preservation of biodiversity.
- L'édition 2025 mettra également l'accent sur la solidarité, en intégrant les villageois aux côtés des participants internationaux et en soutenant les populations locales.
- The 2025 edition will also focus on solidarity, involving local villagers alongside international participants and supporting local communities.

Activities:

- Running and walking on varied terrains (sand, rice fields, rivers, mud, heat).
- Exploring natural and tourist sites along the stages.
- Experiencing an eco-trail, focusing on full immersion in nature without time pressure.
- Meeting the local population, with villagers participating in certain stages.
