SOLIDARITY ESCAPE ON THE RED ISLAND MADAGASCAR

14 DAYS - 13 NIGHTS

2 250 € /person (based on 2 people)

1 700 € /person (based on 4 people)

Discover Madagascar Differently with an eco-solidarity tour along the legendary Route Nationale 7 — an itinerary designed for those seeking to immerse themselves in Malagasy culture and traditions. This journey invites you to a genuine experience, in harmony with nature and local communities.

Accompanied by dedicated local guides, you'll traverse breathtaking landscapes — from the terraced rice fields of the Highlands to the wild beaches along the Mozambique Channel — all while taking part in solidarity-based initiatives.

This tour emphasizes human connections: you'll stay with local families or in eco-lodges, and experience daily village life through exchanges with local families and participation in agricultural activities. Visits include well-preserved national parks such as Ranomafana and Isalo, true sanctuaries for the island's endemic species.

Committed to sustainable tourism, this journey directly supports local initiatives, notably the NGO Vozama, which works to promote education and community development. By favoring small-scale structures and responsible accommodations, the tour minimizes its ecological footprint while contributing to the local economy.

Explore Madagascar in depth — between wild nature and cultural exchange — guided by a spirit of respect and solidarity. Dive into the heart of Malagasy authenticity and let yourself be transformed by this eco-solidarity journey, where every encounter and every landscape echoes a deep commitment to nature and local communities.

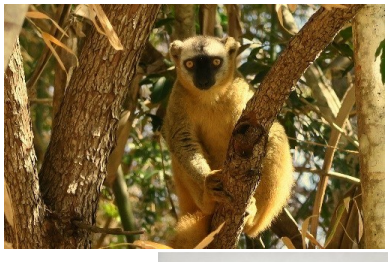

Madagascar awaits — come live its essence.
